

EIMEAR'S COUNTRY THERMY KITCHEN

Eimear McNelis – Thermomix Consultant

Enjoy cooking that's inclusive, simple & creative that saves time and energy!

What is a Thermomix TM6?

The TM6 is a smart, connected appliance with wifi connectivity built in. It gives you step-by-step guiding cooking for over **90,000 recipes** from all over the world directly on your screen. It has over **20 functions and 14 modes**, including slow cooking, mill, emulsify, chopping, steamer, digital scales, sous vide and fermentation for making yoghurt.

Ideal for those with:

Food allergies and intolerances.

Cookidoo recipes link to meal plan then to woolworths online.

Make time for what matters most

Meal planning is one of the best ways to save money on your grocery bill. With Thermomix® and Cookidoo®, you can plan and shop your meals for the week ahead with our easy to use meal planner.

Let Thermomix® do the cooking, while you get precious time back mid-week.

Inclusive guided cooking for kids and people with health conditions.

Cook from scratch to save \$\$\$ and the environment.

Save time and energy, even runs on off grid systems.
